

For Patients

Referrals

All patients must obtain a prescription for physical therapy from a physician and an insurance referral from your private health insurance (if required by your insurance plan) prior to your initial visit. Patients are responsible for health insurance referrals throughout the course of their physical therapy.

Please contact us for our specific insurance provider number (National Provider Identifier or NPI).

Patients are also responsible for insurance copayments and deductibles, based upon their specific insurance plan. Copayments are due at each physical therapy session.

If you have any questions regarding your physical therapy referral, please contact us at (978) 624-7966 or info@sportsrehabu.com.
